

Plantware

Danfoss, Cooling Installation

Project Details

Project	Danfoss L05
Client	Rambøll A/S
Built	Nordborg, Denmark
Year	2008

PlantWare made overall arrangement of cooling installation and detail mechanical engineering of

- Piping
- Steelwork
- Pipe Support

for this cooling installation. The pipes was made partly in stainless steel and partly in PE/uPVC pipes from WAVIN.

Documentation made for this project:

- GA - General Arrangement Drawings (section flat, section perpendicular, isometric)
- DA - Detail Arrangement Drawings
- Piping Isometric
- Isometric Pipe Drawing
- Steel Detailing
- Pipe Support

The cooling installation is being built in a cellar, so no modular design (Unitised) was applied.
